ADJOURN

Proclamation

As we celebrate Black History Month, we recognize the heritage and achievements of African Americans. The contributions African Americans have made and continue to make are an integral part of our society, and the history of African Americans exemplifies the resilience and innovative spirit that continue to make our Nation great.

For generations, African Americans have embodied the shared progress of our Nation. Through toil and struggle and with courageous actions that have broken barriers, they have made America a better place to live and work for everybody. Women like Katherine Johnson, a pioneer in space history whose work helped America win the Space Race, and Madam C.J. Walker, who became one of the most successful female entrepreneurs of her time, paved the way for both women and African Americans in their respective fields. Robert Smalls, a man born into slavery, founded our Nation's first free and compulsory public school system. Later in life, he served as a lawmaker in South Carolina's State legislature and the U.S. House of Representatives. The strength and determination of men and women like these remind us that our Nation brims with people whose contributions continue to make it stronger and better.

This year, Black History Month calls upon us to reflect on the crucial role of education in the history of African Americans. It reminds us of the importance of teaching and reflecting upon the many roles African Americans have played in building this Nation and driving it forward. This year's theme also calls upon us to rededicate ourselves to the work of ensuring that all children in this Nation have access to quality educational opportunities that give them the skills, experiences, relationships, and credentials that can empower them to follow in the footsteps of people like Katherine Johnson, Madam C.J. Walker, and Robert Smalls.

As we journey toward a stronger, more united Nation, let us use this commemoration of Black History Month to serve as a reminder of the need for meaningful dialogue and shared commitment to collective action that uplifts and empowers, as well as of the strength, ingenuity, and perseverance required of us in the years to come.

NOW, THEREFORE, I, DAVID R. MAYER, Mayor of the Township of Gloucester and **I, ORLANDO MERCADO,** President of the Gloucester Township Council do hereby proclaim February 2017 as Black History Month and call upon educators, librarians, and all the people of the Township of Gloucester to observe this month with appropriate programs, ceremonies, and activities.

ORDINANCE OF THE TOWNSHIP COUNCIL OF THE TOWNSHIP OF GLOUCESTER CREATING CHAPTER 65 OF THE CODE OF THE TOWNSHIP OF GLOUCESTER ENTITLED NOISE ORDINANCE

I. Declaration of Findings and Policy

WHEREAS. excessive sound and vibration is a serious hazard to the public health, welfare, safety, and the quality of life; and

WHEREAS. a substantial body of science and technology exists by which excessive sound and related vibration may be substantially abated; and,

WHEREAS. the residents of the Township of Gloucester have a right to, and should be ensured of, an environment free from excessive sound and related vibration that may jeopardize health, safety and general welfare or degrade a quality of life.

NOW THEREFORE BE IT RESOLVED, by the Township Council of Township of Gloucester to adopt a Noise Ordinance to prevent excessive sound and related vibration that may jeopardize the health, safety and general welfare of the citizens or degrade a quality of life.

This ordinance shall apply to the control of sound and related vibrations originating from sources within the Township of Gloucester.

Section 1. That chapter 65 "Noise" be and is hereby amended and to be replaced as follows;

II. Definitions

The following words and terms, when used in this ordinance, shall have the following meanings, unless the context clearly indicates otherwise. Terms not defined in this ordinance have the same meaning as those defined in N.J.A.C. 7:29.

1. "Commercial Operation means a facility or property used for the purpose or utilization of goods, services and facilities, including but not limited to:

A. Commercial dining establishments

B. Noncommercial vehicle operations

C. Retail services

D. Wholesale services

E. Banks and office buildings

F. Recreation and entertainment

G. Community Services

H. Public services

I. Outdoor entertainment facilities and bars

2. "Construction" means any site preparation, assembly, erection, repair, alteration or similar action of buildings or structures.

3. "dBC" means the sound level as measured using the "C" weighting network with a sound level meter meeting the standards set forth in ANSI S 1.4-1983 or its successors. The unit of reporting is dB(C). The "C" weighting network is more sensitive to low frequencies than is the "A" weighting network.

4. "Demolition" means any dismantling, destruction or removal of buildings, structures, or roadways.

5. "Department" means the New Jersey Department of Environmental Protection.

6. "Emergency work" means any work or action necessary at the site of an emergency to restore or deliver essential services including, but not limited to,

repairing water, gas, electricity, telephone, sewer facilities, or public transportation facilities, removing fallen trees on public rights-of-way, dredging navigational waterways, or abating life-threatening conditions or a state of emergency declared by a governing agency.

7. "Impulsive sound" means either a single pressure peak or a single burst (multiple pressure peaks) that has a duration of less than one second.

8. "Minor Violation" means a violation that is not the result of the purposeful, reckless or criminally negligent conduct of the alleged violator; and/or the activity or condition constituting the violation has not been the subject of an enforcement action by any authorized local, county or state enforcement agency against the violator within the immediately preceding 12 months for the same or substantially similar violation.

9. "Motor vehicle" means any vehicle that is propelled other than by human or animal power on land.

10. "Muffler" means a properly functioning sound dissipative device or system for abating the sound on engines or equipment where such device is part of the normal configuration of the equipment.

11. "Multi-dwelling unit building" means any building comprising two or more dwelling units, including, but not limited to, apartments, condominiums, co-ops, multiple family houses, townhouses, and attached residences.

12. "Multi-use property" means any distinct parcel of land that is used for more than one category of activity. Examples include, but are not limited to:

    A. A commercial, residential, industrial or public service property having boilers, incinerators, elevators, automatic garage doors, air conditioners, laundry rooms, utility provisions, or health and recreational facilities, or other similar devices or areas, either in the interior or on the exterior of the building, which may be a source of elevated sound levels at another category on the same distinct parcel of land; or

    B. A building, which is both commercial (usually on the ground floor) and residential property, located above, below or otherwise adjacent to.

13. "Noise Control Officer" (NCO) means an employee of the Township of Gloucester designated to enforce this ordinance, and one certified pursuant to the County Environmental Health Act (N.J.S.A. 26:3A2-21 q.) to perform noise enforcement activities or an employee of a municipality.

14. "Noise Control Investigator" (NCI) means an employee of a municipality, or as may be designated by the Township of Gloucester or County of Camden that has a Department-approved noise control ordinance and the employee has not received noise enforcement training as specified by the Department in N.J.A.C. 7:29. However, they are knowledgeable about their model noise ordinance and enforcement procedures. A Noise Control Investigator may only enforce sections of the ordinance that do not require the use of a sound level meter. The employee must be acting within his or her designated jurisdiction and must be authorized to issue a summons.

15. "Noise Disturbance" means any sound or vibration that(a) endangers the health, safety and or general welfare of any person, or (b) disturbs a reasonable person of normal sensitivities, or (c) endangers or injures people or (d) endangers or injures personal or real property..

16. "Plainly audible" means any sound that can be detected by a NCO or an NCI using his or her unaided hearing faculties of normal acuity. As an example, if the sound source under investigation is a portable or vehicular sound amplification or reproduction device, the detection of the rhythmic bass component of the music is

sufficient to verify plainly audible sound. The NCO or NCI need not determine the title, specific words, or the artist performing the song.

17. "Private right-of-way" means any street, avenue, boulevard, road, highway, sidewalk, alley or easement that is owned, leased, or controlled by a non-governmental entity.

18. "Public right-of-way" means any street, avenue, boulevard, road, highway, sidewalk, alley or easement that is owned, leased, or controlled by a governmental entity.

19. "Public space" means any real property or structures thereon that are owned, leased, or controlled by a governmental entity.

20. "Real property line" means either (a) the vertical boundary that separates one parcel of property (i.e., lot and block) from another residential or commercial property; (b) the vertical and horizontal boundaries of a dwelling unit that is part of a multi-dwelling unit building; or (c) on a multi-use property as defined herein, the vertical or horizontal boundaries between the two portions of the property on which different categories of activity are being performed (e.g., if the multi-use property is a building which is residential upstairs and commercial downstairs, then the real property line would be the interface between the residential area and the commercial area, or if there is an outdoor sound source such as an HVAC unit on the same parcel of property, the boundary line is the exterior wall of the receiving unit). Note- this definition shall not apply to a commercial source and a commercial receptor which are both located on the same parcel of property (e.g., a strip mall).

21. "Sound production device" means any device whose primary function is the production of sound, including, but not limited to any, musical instrument, loudspeaker, radio, television, digital or analog music player, public address system or sound-amplifying equipment

22. "Sound reduction device" means any device, such as a muffler, baffle, shroud, jacket, enclosure, isolator, or dampener provided by the manufacturer with the equipment, or that is otherwise required, that mitigates the sound emissions of the equipment.

23. "Vibration" means a temporal and special oscillation of displacement, velocity and acceleration in a solid material.

24. "Weekday" means any day that is not a federal holiday, and beginning on Monday at 7:00 a.m. and ending on the following Friday at 6:00 p.m.

25. "Weekends" means beginning on Friday at 6:00 p.m. and ending on the following Monday at 7:00 a.m.

III. Applicability

(A.) This noise ordinance applies to sound from the following property categories:

1. Industrial facilities;
2. Commercial facilities;
3. Public service facilities;
4. Community service facilities;
5. Residential properties;
6. Multi-use properties;
7. Outdoor entertainment facilities, restaurants and bars
8. Public and private right-of-ways;

9. Public spaces; and

10. Multi-dwelling unit buildings.

(B.) This noise ordinance applies to sound received at the following property categories:

1. Commercial facilities;

2. Public service facilities;

3. Community service facilities (i.e. non-profits and/or religious facilities)

4. Residential properties;

5. Multi-use properties;

6. Multi-dwelling unit buildings.

(C.) Sound from stationary emergency signaling devices shall be regulated in accordance with N.J.A.C. 7:29-1.4, except that the testing of the electromechanical functioning of a stationary emergency signaling device shall not meet or exceed 10 seconds.

IV. Exemptions

(A) Except as provided in IX. and X. below, the provisions of this ordinance shall not apply to the exceptions listed at N.J.A.C. 7:29-1.5.

(B) Sound production devices required or sanctioned under the Americans with Disabilities Act (ADA), FEMA or other government agencies to the extent that they comply with the noise requirement of the enabling legislation or regulation. Devices which are exempted under N.J.A.C. 7:29-1.5 shall continue to be exempted.

(C) Construction and demolition activities are exempt from the sound level limits set forth in tables I and II and 111 except as provided for in IX. below.

(D) This Ordinance shall not apply to:

A. Gloucester Township Police Training Range - Block 14003, Lot 25

V. Enforcement Officers

(A) Noise Control Officers shall have the authority within their designated jurisdiction to investigate suspected violations of any section of this ordinance and pursue enforcement activities.

(B) Noise Control Investigators shall have the authority within their designated jurisdiction to investigate suspected violations of any section of this ordinance that do not require the use of a sound level meter (i.e., plainly audible, times of day and/or distance determinations) and pursue enforcement activities.

(C) Noise Control Officers and Investigators may cooperate with NCOs and NCIs of an adjacent municipality in enforcing one another's municipal noise ordinances.

VI. Measurement Protocols

(A) Sound measurements made by a Noise Control Officer shall conform to the procedures set forth at N.J.A.C. 7:29-2, except that interior sound level measurements shall also conform with the procedures set forth in VIB of this ordinance and with the definition of "real property line" as contained herein.

(B) When conducting indoor sound level measurements across a real property line the measurements shall be taken at least three feet from any wall, floor or ceiling and all exterior doors and windows may, at the discretion of the investigator, be closed. The neighborhood residual sound level shall be measured in accordance with N.J.A.C. 7:29-2.9(b) 2. When measuring total sound level, the configuration

of the windows and doors shall be the same and all sound sources within the dwelling unit must be shut off (e.g., television, stereo). Measurements shall not be taken in areas which receive only casual use such as hallways, closets and bathrooms.

VII. Maximum Permissible Sound Levels

(A) No person shall cause, suffer, allow, or permit the operation of any source of sound on any source property listed in III. (A) above in such a manner as to create a sound level that equals or exceeds the sound level limits set forth in Tables I, II or III when measured at or within the real property line of any of the receiving properties listed in Tables I, II or III except as specified in VI(B).

(B) Impulsive Sound

Between 7:00 a.m. and 10:00 p.m., impulsive sound shall not equal or exceed 80 decibels. Between 10:00 p.m. and 7:00 a.m., impulsive sound which occurs less than four times in any hour shall not equal or exceed 80 decibels. Impulsive sound which repeats four or more times in any hour shall be measured as continuous sound and shall meet the requirements as shown in Tables I and II.

Note: When octave measurements are made, the sound from the source must be constant in level and character. If octave band sound pressure level variations exceed plus or minus 2 dB in the bands containing the principal source frequencies, discontinue the measurement.

VIII. Sound Production Devices

No person shall cause, suffer, allow, or permit the operation of any sound production device in such a manner that the sound crosses a property line and raises the total sound levels above the neighborhood residual sound level by more than the permissible sound level limits set forth in Table IV when measured within the residence of a complainant according to the measurement protocol in VI. (B) of this ordinance. These sound level measurements shall be conducted with the sound level meter set for "C" weighting, "fast" response.

No person shall cause, suffer, allow or permit the following acts:

IX. Restricted Uses and Activities

Note: This section is optional; any numbered paragraph may be adopted in its entirety.

The following standards shall apply to the activities or sources of sound set forth below:

A. Excluding emergency work, power tools, home maintenance tools, landscaping and/or yard maintenance equipment used by a residential property owner or tenant shall not be operated between the hours of 8:00 p.m. and 8:00 a.m., unless such activities can meet the applicable limits set forth in Tables I, II or III. At all other times the limits set forth in Tables I, II or III do not apply. All motorized equipment used in these activities shall be operated with a muffler and/or sound reduction device.

B. Excluding emergency work, power tools, landscaping and/or yard maintenance equipment used by nonresidential operators (e.g. commercial operators, public employees) shall not be operated on a residential, commercial, industrial or public (e.g. golf course, parks, athletic fields) property between the ours of 6:00 p.m. and 8:00 a.m. on weekdays, or between the hours of 6:00 p.m. and 9:00 a.m. on weekends or federal holidays, unless such activities can meet the limits set forth

in Tables I, II or III. At all other times the limits set forth in Tables I, II or III do not apply. All motorized equipment used in these activities shall be operated with a muffler and/or sound reduction device.

C. All construction and demolition activity, excluding emergency work, shall not be performed between the hours of 6:00 p.m. and 7:00 a.m. on weekdays, or between the hours of 6:00 p.m. and 9:00 a.m. on weekends and federal holidays, unless such activities can meet the limits set forth in Tables I, II or III. At all other times the limits set forth in Tables I, II or III do not apply. All motorized equipment used in construction and demolition activity shall be operated with a muffler and/or sound reduction device.

D. Motorized snow removal equipment shall be operated with a muffler and/or a sound reduction device when being used for snow removal. At all other times the limits set forth in Tables I, II or III do not apply.

E. All interior and exterior burglar alarms of a building or motor vehicle must be activated in such a manner that the burglar alarm terminates its operation within five (5) minutes for continuous airborne sound and fifteen (15) minutes for intermittent sound after it has been activated. At all other times the limits set forth in Tables I, II or III do not apply.

F. Self-contained, portable, non-vehicular music or sound production devices shall not be operated on a public space or public right-of-way in such a manner as to be plainly audible at a distance of 50 feet in any direction from the operator between the hours of 8:00 a.m. and 10:00 p.m. Between the hours of 10:00 p.m. and 8:00 a.m., sound, operated on a public space or public right-of-way, from such equipment shall not be plainly audible at a distance of 25 feet in any direction from the operator;

G. It shall be unlawful for any property owner or tenant to allow any domesticated or caged animal to create a sound across a real property line which unreasonably disturbs or interferes with the peace, comfort, and repose of any resident, or to refuse or intentionally fail to cease the unreasonable noise when ordered to do so by a Noise Control Officer or Noise Control Investigator. Prima facie evidence of a violation of this section shall include but not be limited to:

(1) Vocalizing (howling, yelping, barking, squawking etc.) for five (5) minutes without interruption, defined as an average of four or more vocalizations per minute in that period; or,

(2) Vocalizing for twenty (20) minutes intermittently, defined as an average of two vocalizations or more per minute in that period.

It is an affirmative defense under this subsection that the dog or other animal was intentionally provoked to bark or make any other noise.

X. Motor Vehicles

Note: This section is optional; any numbered paragraph may be adopted in its entirety.

Violations of each paragraph of this section shall be considered purposeful and therefore non-minor violations.

(A) No person shall remove or render inoperative, or cause to be removed or rendered inoperative or less effective than originally equipped, other than for the purposes of maintenance, repair, or replacement, of any device or element of design incorporated in any motor vehicle for the purpose of noise control. No person shall operate a motor vehicle or motorcycle which has been so modified. A vehicle not meeting these requirements shall be deemed in violation of this

provision if it is operated stationary or in motion in any public space or public right-of-way.

(B) No motorcycle shall be operated stationary or in motion unless it has a muffler that complies with and is labeled in accordance with the Federal Noise Regulations under 40 CFR Part 205.

(C) Personal or commercial vehicular music amplification or reproduction equipment shall not be operated in such a manner that it is plainly audible at distance of 25 feet in any direction from the operator between the hours of 10:00 p.m. and 8:00 a.m.

(D) Personal or commercial vehicular music amplification or reproduction equipment shall not be operated in such a manner that is plainly audible at a distance of 50 feet in any direction from the operator between the hours of 8:00 a.m. and 10:00 p.m.

XI. Enforcement

(A) Violation of any provision of this ordinance shall be cause for a Notice of Violation (NOV) or a Notice of Penalty Assessment (NOPA) document to be issued to the violator by the Noise Control Officer or Noise Control Investigator.

(B) Any person who violates any provision of this ordinance shall be subject to a civil penalty for each offense of not more than the maximum penalty pursuant to N.J.S.A.40:49-5, which is $2,000 as of December 2014. If the violation is of a continuing nature, each day during which it occurs shall constitute an additional, separate, and distinct offense.

(C) Upon identification of a violation of this Ordinance the Noise Control Officer or Noise Control investigator shall issue an enforcement document to the violator. The enforcement document shall identify the condition or activity that constitutes the violation and the specific provision of this Ordinance that has been violated. It shall also indicate whether the violator has a period of time to correct the violation before a penalty is sought.

(D) If the violation is deemed by the Noise Control Officer or Noise Control Investigator to be a minor violation (as defined in Section Ii of this ordinance) a NOV shall be issued to the violator.

1. The document shall indicate that the purpose of the NOV is intended to serve as a notice to warn the responsible party/violator of the violation conditions in order to provide them with an opportunity to voluntarily investigate the matter and voluntarily take corrective action to address the identified violation.

2. The NOV shall identify the time period (up to 90 days), pursuant to the Grace Period Law, N.J.S.A. 13:1D-125 where the responsible party's/violator's voluntary action can prevent a formal enforcement action with penalties issued by the (Health Department) _____ It shall be noted that the NOV does not constitute a formal enforcement action, a final agency action or a final legal determination that a violation has occurred. Therefore, the NOV may not be appealed or contested.

(E) If the violation is deemed by the Noise Control Officer or Noise Control Investigator to be a non-minor violation, the violator shall be notified that if the violation is not immediately corrected, a NOPA with a civil penalty of not more than the maximum penalty allowed pursuant to N.J.S.A. 40:49-5, which is $2,000 as of December 2014, will be issued. If a non- minor violation is immediately corrected, a NOV without a civil penalty shall still be issued to document the violation. If the violation occurs again (within 12 months of the initial violation) a

NOPA shall be issued regardless of whether the violation is immediately corrected or not.

(F) The violator may request from the Noise Control Officer or Noise Control Investigator, an extension of the compliance deadline in the enforcement action. The Noise Control Officer or Noise Control Investigator shall have the option to approve any reasonable request for an extension (not to exceed 180 days) if the violator can demonstrate that a good faith effort has been made to achieve compliance. If an extension is not granted and the violation continues to exist after the grace period ends, a NOPA shall be issued.

(G) The recipient of a NOPA shall be entitled to a hearing in a municipal court having jurisdiction to contest such action.

(H) The Noise Control Officer or Noise Control Investigator may seek injunctive relief if the responsible party does not remediate the violation within the period of time specified in the NOPA issued.

(I) Any claim for a civil penalty may be compromised and settled based on the following factors:

1. Mitigating or any other extenuating circumstances;

2. The timely implementation by the violator of measures which lead to compliance;

3. The conduct of the violator; and

4. The compliance history of the violator.

XII. Consistency, Severability and Repealer

(A) If any provision or portion of a provision of this ordinance is held to be unconstitutional, preempted by Federal or State law, or otherwise invalid by any court of competent jurisdiction, the remaining provisions of the ordinance shall not be invalidated.

(B) All ordinances or parts of ordinances, which are inconsistent with any provisions of this ordinance, are hereby repealed as to the extent of such inconsistencies.

(C) No provision of this ordinance shall be construed to impair any common law or statutory cause of action, or legal remedy there from, of any person for injury or damage arising from any violation of this ordinance or from other law.

RE: Review of Bid Documents & Recommendation for Award
Gloucester Township Valleybrook Athletic Complex Parking Lot Expansion
Block 8015; Lot #2
Gloucester Township, Camden County
PGLLC #GT2016-03

Dear Tom:

Bids for the Valleybrook Athletic Complex Parking Lot Expansion Project were received and publicly opened on February 16, 2017. A total of ten (10) bids were received for this project out of the thirteen (13) Contractors who obtained the plans and bid specifications.

The ten (10) bidders for this project are as follows:

BIDDER	TOTAL AMOUNT BID
Cardinal Contracting Co.	**$311,297.35**
Ricky Slade Construction, Inc.	**$326,482.02**
Command Co., Inc.	**$333,000.00**
South State, Inc.	**$333,570.80**
Paving Plus, LLC	**$345,203.00**
American Asphalt Co., Inc.	**$352,786.20**
Krisanna Construction Inc.	**$363,714.76**
Landberg Construction, LLC	**$369,280.50**
Think Pavers Hardscaping,LLC	**$370,093.00**
DiMeglio Construction Co	**$383,351.00**

Based upon the above, the apparent low bidder for the Valleybrook Athletic Complex Parking Lot Expansion Project is Cardinal Contracting Co. in the amount of **$311,297.35**. It should be noted that the bid submitted by Cardinal Contracting Co. is approximately 4.6% below the Engineer's Estimate of $326,415.14.

[illegible]

Please note that our office has also reviewed the low bidder's unit pricing for consistency, reviewed the low bidder's project history and qualifications, and checked the low bidder's references. Based upon our research and provided that sufficient budget is available, it is our recommendation that the Valleybrook Athletic Complex Parking Lot Expansion Project be awarded to Cardinal Contracting Co., in the amount of **$311,297.35**.

For your reference, enclosed please find the "Bid Tally Sheet" which lists each of the bidders and their respective breakdowns for the proposed work. In addition, we have enclosed copies of the three (3) lowest bidders' documents for Record Information.

Furthermore, I have delivered copies of the three (3) low bidders' bid documents to the Township Solicitor, Dave Carlamere Esq., for his review of the form and content of bids, bid security, and consent of surety. Provided that the Township Solicitor is satisfied with the low bidder's documents and upon Certification of Funds, we are requesting that the necessary Resolution of Award of Contract to Cardinal Contracting Co., for the Valleybrook Athletic Complex Parking Lot Expansion Project, be prepared and considered for adoption at the next available regularly scheduled Council meeting.

Subsequent to the adoption of the Resolution of Award, we will forward the Notice of Award and four (4) sets of Contracts to the Contractor for execution and will request submission of the necessary Contract Documents, including Performance Bonds, Insurance Certificates, and Material Submittals.

A Notice to Proceed will be issued following the Solicitor's approval of the Contractor's Performance Bonds and Insurance Certificates. At that time, we will also transmit the remaining unsuccessful bidder's documents back to the bidders and schedule a Preconstruction Meeting.

It is our understanding that an event is scheduled at the Valleybrook Complex on April 22nd and therefore, we will attempt to expedite the start of construction in anticipation of substantially completing the project prior said date.

Should you have any questions or comments regarding the information provided, please feel free to contact me at the office (856) 464-9600 or on my cell at (267) 972-6317.

RE: Contract Change Order #3 (Final)
Artificial Turf Fields Project
Township of Gloucester, Camden County, NJ
PGLLC #GT2015-1

Dear Christy:

Enclosed please find three (3) original copies of Contract Change Order #3 (Final) for the abovementioned project which have been signed by both our office and the Contractor. For reference, the work associated with Change Order #3 (Final) includes the following:

ALT BID #1: Construction of Artificial Turf Fields at the Valleybrook Field Complex

1. Drainage Improvements adjacent to Electric Meter Bank – Lump Sum **($4,250)**

   The work includes the installation of an inlet, 200 LF of Drainage Pipe, and all associated grading, to address a low spot in the vicinity of the existing electric meter bank which is located adjacent to the Valleybrook Field.

ALT BID #2: Construction of Artificial Turf Field for Community Park Field I– Lump Sum

1. Install Bleacher Pad at Lacrosse/Field Hockey Field – Lump Sum **($2,900)**

   The work includes the installation of a 25' x 60' x 6" thick stone surfaced bleacher pad, 4"x4" wood trim, relocation of existing bleachers, and all associated grading.

OVERALL (ALL FIELDS):

1. Additional Topsoiling & Seeding beyond that shown on plans – Lump Sum **(Add $4,800)**

   This payment reflects the Contractor's fee for approximately 8,700 SF of additional topsoiling and seeding performed adjacent to all four fields which was above and beyond that which was anticipated and indicated within the bid documents.

Based upon review of the Contract plans and specifications, our office has no objection to the Scope and Fee for the abovementioned Change Order work and hereby recommends that the Township authorize and execute Contract Change Order #3 (Final).

It should be noted that the approval of Contract Change Order #3 (Final) will result in an **$11,950.00** increase in the contract amount and, in combination with the previously approved Contract Change Order #'s 1 & 2, will result in an overall increase of $17,317.27 (or 1.35%) above the original Contract Amount of $1,285,945.00, for a Final Contract amount of **$1,303,262.27**.

Pursuant to the above and provided that the Township concurs with our recommendation, we ask that the necessary arrangements be made with the Township Business Administrator to sign all three (3) of the enclosed original Contract Change Order #3 (Final). Upon signature, we kindly ask that you return two (2) originals to this office, both for our files and for submission to the Contractor. We ask that you retain the remaining signed copy of the Contract Change Order #3 (Final) for your files.

By copy of this letter, we kindly request that the Borough Solicitor prepare the necessary Resolution authorizing the approval and execution of Contract Change Order #3 (Final), for the next available regularly scheduled council meeting.

Should you have any questions regarding the information provided, please feel free to contact me at the office (856) 464-9600 or on my cell at (267) 972-6317.

MEMORANDUM OF UNDERSTANDING BETWEEN THE TOWNSHIP OF GLOUCESTER AND VARIOUS GLOUCESTER TOWNSHIP FIRE DISTRICTS

This document constitutes a Memorandum of Understanding ("MOU") entered into by and between the Township of Gloucester, a body politic and corporate of the State of New Jersey and Gloucester Township Fire District # 2, located at 43 Somerdale Road, Blackwood, New Jersey 08012. The date of execution of this MOU is the 8th day of February, 2017.

WHEREAS, the Township of Gloucester, hereinafter, (the "Township") has procured certain lifesaving equipment, for the purpose of various Gloucester Township Companies to be part of a Rescue Task Force, hereinafter, (RTF). The Regional RTF will be dispatched to Active Shooter/Hostile Event (ASHE) incidents in Gloucester Township and as appropriate and necessary throughout the County for the purpose of providing point of injury care and evacuating injured civilians during such an event; and

WHEREAS, the Township and the Gloucester Township Fire District # 2, agree that their mutual public purposes and their best interests will be promoted by the execution and delivery of a Memorandum of Understanding in order to ensure appropriate and optimum use of the Equipment and to set forth the rights, duties, and obligations between the parties hereto; and

WHEREAS, pursuant to a Resolution ___ , adopted _____, by the Gloucester Township Council have authorized the execution of this MOU, now, therefore, in consideration of the mutual promises contained herein, the parties to this MOU hereby agree as follows:

1. TERM:

The term of this MOU shall be for a period of five (5) years commencing upon the execution of this MOU by the Township.

2. RESPONSIBILITIES OF THE PARTIES

a. COUNTY:

1. The Township shall provide the Equipment to Gloucester Township Fire District # 2, which has been purchased by the Township of Gloucester, for the purpose of operating as a Regional RTF during emergency incidents, training exercises, and for other appropriate and authorized circumstances.

2. The equipment shall be provided to the Gloucester Township Fire District # 2, once the district has provided documentation that they have purchased a minimum of one set of such lifesaving equipment. Such equipment shall be designated by the Gloucester Township Police Department to ensure uniformity.

3. The Township reserves the right to take back the Equipment in the case of misuse by the Gloucester Township Fire District # 2, or anyone.

b. Camden County Fire and/or EMS Company:

1. Upon issuing the Equipment provided by the Township, Gloucester Township Fire District # 2 shall be solely responsible for all maintenance and repair and replacement if necessary. Some items

provided have a set life expectancy and the Township will not replace such items at the end of their useful life.

2. The Gloucester Township Fire District # 2 shall use and maintain the Equipment for its intended purpose as described herein.

3. While utilizing the Equipment provided in accordance with the terms of this MOU, the Gloucester Township Fire District # 2 shall adhere to the Camden County ASHE Unified Response Policy, enacted for the County's response to an ASHE.

4. The Gloucester Township Fire District # 2 shall adhere to all of the training requirements set forth by the Camden County Police Chief's Association and the Camden County Fire Chief's and Fire Officer's Association and administered through the Camden County College Fire Academy and Police Academy.

5. Equipment that is ballistic in nature or comprised of materials that are resistant to gunfire shall only be disposed in a manner as approved by the Township.
