It shall be unlawful to feed community cats who are not spayed/neutered, ear tipped and vaccinated in accordance with this section, unless the Caregiver is in the process of trying to trap the cats for spay/neuter, ear tipping and vaccination. Animal Control Officers shall be empowered to give a warning notice to any individual feeding one or more community cats' not spayed/neutered, ear tipped and vaccinated in accordance with this section and to notify the Sponsor of the program. The Animal Control Officer shall also give the Caregiver the Sponsor's contact information. The warning notice shall require the individual to contact the Sponsor within 15 days to obtain assistance in getting the cat(s) spayed/neutered, ear tipped and vaccinated and otherwise brought into compliance with this section. Failure to make such contact within 15 days and cooperate with the Township and the Sponsor in meeting the requirements of this section will subject the violator to a fine not to exceed $1,000.00 per offense.

4. Colony protection

Community cat colony material, i.e., shelters, food/water bowls/plates, feeding stations; shall be protected from removal; however, maintained in a clean fashion.

5. Nuisance Abatement

If an Animal Control Officer determines that an ear-tipped community colony cat is causing a nuisance as defined by this section, the Township shall contact the Sponsor and allow the Sponsor 60 days to resolve the complaint or remove the cat before the Officer takes further action. The Caregiver or Sponsor must begin nuisance abatement procedures within 48 hours after being notified of a nuisance by the Township and must take all reasonable steps to resolve the nuisance in as short a time period as possible, not to exceed 60 days.

6. Disposition of Community Colony Cats

An Animal Control Officer who has trapped a cat whose left ear has been tipped shall release the cat unless the cat is injured or sick and requires medical attention. If the cat requires medical attention, the Animal Control Officer shall bring the cat to the Sponsor. If the Animal Control Officer releases the cat, the Animal Control Officer shall contact the Sponsor and provide the Sponsor with a description of the cat, the location where the cat was trapped, and the complaint which caused the Animal Control Officer to set the trap.

7. Enforcement.

The Township shall have the following rights:

1. The right to seize or remove any cat from a colony who is demonstrating signs of rabies.
2. The right to seize or remove a cat from a colony which is creating a nuisance as defined in this section, after the caregiver and sponsor have been given 60 days to abate the nuisance or remove the cat and have failed to do so.
3. The right to seize or remove a colony of cats when the Caregiver regularly fails to comply with the requirements of this section and the Sponsor has not been able to obtain a replacement or substitute Caregiver within 60 days of the Townships notice to the

Sponsor of the Caregiver's failure to comply with this section.

The requirements of this section notwithstanding, Animal Control Officers may investigate any Nuisance complaint. If an Animal Control Officer determines that an ear-tipped community colony cat is causing a nuisance as defined by this section and the Sponsor fails to resolve the nuisance or remove the cat within the 60 days, the Animal Control Officer may remove the cat. If an Animal Control Officer reasonably determines that a cat is injured or poses a significant threat to public health, the Officer may reduce the time that the Sponsor has to resolve the complaint, as necessary to protect the cat and public health, before taking further action. In the case of an emergency, the Animal Control Officer or a Police Officer may remove the cat. Within eight hours, the Animal Control Officer or Police Officer must provide the Sponsor with notice of the cats' whereabouts and allow the Sponsor an opportunity to retrieve the cat for treatment, return, or relocation.

8. Trapping Cats Prohibited Except as Part of TNR Program

It shall be unlawful for any individual to trap a cat other than for the purpose of complying with the requirements of the section. Individuals may not trap cats for the purpose of euthanizing the cats or surrendering the cats for impoundment. This section shall not apply to:

1. Township officials and their agents trapping cats in the course of their employment or contract; or
2. Any individual trying to recover his or her own lost cat through trapping on his or her own property or with permission of the property owner.

9. Use of Cat Licensing Fees for TNR

1. The Township may utilize funds derived from cat licensing fees to pay for spay/neuter and vaccination of cats in the TNR program.

SECTION 4. All ordinances and provisions thereof inconsistent with the provisions of this Ordinance shall be and are hereby repealed to the extent of such inconsistency.

SECTION 5. If any section, subsection or part, clause or phrase of this Ordinance shall be declared invalid by judgment of any court of competent jurisdiction, such section, subsection, part, clause or phrase shall be deemed to be severable from the remainder of the ordinance.

SECTION 6. This Ordinance shall take effect immediately after final passage and publication as required by law.
