“RECYCLING COACH” APP COMES TO GLOUCESTER TOWNSHIP

The “Recycling Coach” App allows residents to enter their address and receive information about what is recyclable and pick-up dates. Download the free app at the Apple Store or Google Play.

HOW TO RECYCLE

Recycling carts are collected every other week at curb side. Use your cart space wisely. Compress and flatten recyclables to maximize cart space. Cardboard must be broken down and placed vertically in cart so that the cart will empty properly. All recyclable material must fit in cart with the lid closed in order to be picked up. **NO PLASTICS BAGS.** All containers should be empty and rinsed and all recyclables must be kept as dry as possible.

If you received a recycling cart, it must be used. Additional recycling material left outside recycling cart will be collected by a different truck. Any oversized cardboard that cannot be broken down (remove bubble wrap, plastic bags & Styrofoam), call The GTMUA for a scheduled pick-up.

WHAT TO RECYCLE

Only recycling items listed below go into the recycling cart/container or the material will not be collected.

Glass: containers that were previously used for food or beverages. These containers may be clear, brown or green glass.

Metal: refers to aluminum, tin or bi-metal food and beverage containers.

Plastic: that only display the plastic class types #1 & #2 recycling triangle. These containers could have been used for food, juice, milk, soda and water; no loose lids.

Paper: newspaper and inserts, catalogs, chipboard (beer & soda cartons), cereal boxes, computer paper, envelopes, gift boxes, greeting cards, junk mail, magazines, office paper, paper toilet/towel rolls, phone books, textbooks (without hard covers) and workbooks.

Also, all types of flattened- folded in half/cut down corrugated cardboard (put in cart vertically so cart will completely empty).

WHAT NOT TO PUT IN THE RECYCLING CART/BUCKET

No grass, leaves, brush, batteries, electronics, construction debris, diapers, pizza boxes, Styrofoam, vinyl, food, pet waste, liquids or trash of any kind. **NO PLASTICS BAGS: DO NOT** put plastic bags in your recycling cart/bucket. **DO NOT BAG RECYCLABLES.**

Plastic bags are the worst contaminant in the recycling stream. Return plastic bags to retailers or dispose of with your household trash.

These items are to be thrown out with your household trash:

Glass: auto glass, ceramics, drinking glasses, window glass, mirrors and light bulbs.

Metal: aerosol cans, coat hangers, paint cans, pots, pans or scrap metals.

Plastic: anti-freeze or auto oil containers, bubble wrap, children’s toys, flower pots, laundry baskets/buckets, lids, microwave food trays, plastic bags, plastic plates or utensils.

Paper: foil or wax coated cardboard (ice cream containers and frozen juice cartons, frozen dinner boxes), hard cover books, napkins, paper cups, pizza boxes, plates, shredded paper, tissues, towels and wrapping paper.

RECYCLING CONTAINERS

RECYCLING CONTAINERS: Multi-family properties that need an additional 96-gallon recycling cart should call the GTMUA @ 856-227-5665. Carts are only available through the GTMUA. All carts are the property of Gloucester Township and must be left at your house if you move. Recycling carts used for any other purpose other than recycling will be confiscated. Please, do not put any markings on your cart as it is Township property; each cart has an identification number and a RFID tag which will correspond with your address.

GRASS CLIPPINGS will be collected as follows: March 15 - October 31: GTMUA collects grass clippings WEEKLY on the same day as your regular recycling day. Example: Your recycling day is every other Monday –

Water based only latex paint (cleans up with soap & water) can be disposed of in your regular trash once it's dried out. To achieve the drying out technique; put a strong plastic bag in a cardboard box, then place kitty litter or sand into the plastic bag. Pour the water based paint into the plastic bag. If needed, add more kitty litter or sand. When the paint is dried out, tie the plastic bag and discard into the trash. When the inside of the empty paint can is hardened, you may dispose of it in the regular trash with the lid off.

Syringes & Needles DO NOT RECYCLE. Use a needle clipper (from pharmacy). After clipping off the needle put in an old coffee can or detergent bottle and seal original lid shut with duct tape. Write on container, "**syringes do not recycle**" and throw in trash. Medication may be disposed of at the Police Station and Municipal Building. They have a mail box slot that is to be used to discard unwanted medications.

TRASH COLLECTION

Trash collection will continue on the present schedule. If you have any questions call Waste Management at 1-800-633-9096. Account # 49856022.
