Mr. Dukes recused himself from the above application.

Mr. Costa swears in Mr. Dirosa, PE, PLS; Mr. Addison Bradley, Planner.

Mr. Wade, Esq:

- This lot used to be a baseball field next to the Democrat Club,
- GCR & R3 zones,

- Other twin homes (one at 140 Coles Rd) were approved for the identical relief.

Mr. Dirosa, PE, PLS:

- West - Democrat Club
- East – exact duplicate
- North – Valleybrook development,
- South- residential
- Put one subdivision line to separate make each home fee simple,
- Leaving property exactly as-is,
- Bulk variance and waivers are a result of the subdivision,
- Affordable housing – 2 single family homes,
- Consistent w/surrounding properties,
- Townhomes to the rear of the 0' property line,
- No negative impact to the zoning plan,
- Adjacent house and 41 & 43 Coles Rd. received similar relief.

Review Letters:

Mr. Cosaboon engineer letter: The applicant will work to satisfy.

Zoned: HC

Use Variance

Block: 17902 Lot: 13

Location: 389 Cross Keys Rd., Sicklerville, NJ 08081

Proposed Self-Storage (Concept Plan)

Mr. Costa swears in Mr. Alvarado (owner/operator), Mr. Brian Peterman (PE), Ms. Leah Bruder (Planner).

Ms. Emily Givens, Esq.:

- The applicant is just going for the use variance, they will come back with a site plan.

Mr. Peterman, PE:

- North side is Cross Keys Rd.,
- Open space to the north,
- Vacant to the south,
- West there is a single-family development
- The self-storage will be 5 buildings with RV parking in the rear,

- Storm water along the east side opposite residential,
- Will discuss design waiver for the gravel parking area for the RV's.
- Design aspect- numerous under site plan and willing to discuss,
- 25.77% building coverage vs. 25% allowed,
- Board review letters were received and will discuss,

Ms. Leah Bruder, Planner:

- Reviewed master plans,
- Use variance: 9.75acres, Highway Commercial site: allowed – retail, restaurant, hotel, motels, etc....
- Conditionally allowed: car dealerships, bars....

Storage is not allowed: it is a productive use,

- Appropriate for a commercial use,
- Light Industrial use = storage,
- But also, a retail service,
- Owner has explored many properties and market demands,
- Shape of the lot is narrow and deep,
- It is an ideal location for high quality storage space,

D1 use variance:

- Positive criteria: particularly suited and special reasons.
- Negative Criteria: no substantial detriment to public good or to the master plan,

Use Planning: the number of retail offices required has changed. E-commerce is threatening brick and mortar stores.

A1 – concept:

- Office space is overbuilt, especially since the pandemic.
- This site is marginal and can use a new use.

- On periphery of commercial sites,
- Low impact use,

Suitability: location, physical, & how it compares to town use.
It is harmonious with surrounding uses.

A2- aerial view:

- Fitted & economically feasible,
- Triangle shaped lot,
- 1200' deep,
- Abuts to residents, but it is a low impact use,
- Utility limited and variances are limited,
- Compatible to surrounding uses,

West: buffer 25', North twp. Land, east utilities, south Cross
Keys Rd.,

This use can be successful and is less intense.

Special reasons:

- Municipal action,
- General welfare,
- Site will remain in limbo,
- Promotes public health and safety,
- 2b development of industry in municipalities,
- Land across street is the town of Winslow that has light
industry uses,
- Planning 1 & 2 smart sensible planning.

2g- sufficient space for uses,

- Strong use for residence and small business,
- Light impact,
- Won't undermine zoning master plan,

2i – desirable visual environment,

2m- coordination w/land development and efficient use of land. Master Plan does not specifically talk about this site,

- 1999 HC was recommended for this lot,
- 2015 recent commercial development along Cross Keys Rd.

Negative Criteria:

- No detriment to the public good or to the zoning master plan,
- It can be developed independently,
- Less noise, height and pollution,
- Space intended for commercial development.

Mr. Alvarado (owner):

- Hours of operation: 8am to 6pm with gate access 6am to 10pm,
- Lights dimmed in evenings,

Mr. Peterman: 6' fence along the front and around the perimeter, chain link with trees.

- The building is 15' high, 100' wide, length about 230' to 250'.
- One story w/slopped roofs.
- Entry building façade will have more red accents and brick.

Mr. Dintino asks if the lights are dim at night.

Mr. Alvarado states the lights dim in the evening or are turned off. The lights have downcast shields.

Mr. Peterman states the doors are inward facing so less light escapes. There is less need for lighting.

Mr. Dintino asks if there will be water or sewer hook-ups for the RV's?

Mr. Peterman states "no".

Vice-Chairman Bucceroni asks if the fence along the back could be solid vs. chain link.

Mr. Peterman states "yes, it can." And the buffer will be infilled.

Mr. Bucceroni: what is the purpose of the gravel along the back?

Mr. Peterman states: the gravel is a balance between the two, allows water to go through but allows maneuverability for RV's.

Mr. Bucceroni states the stone driveway has a lot of dirt and dust and becomes a maintenance issue.

Mr. Peterman: will probably go towards the high-tension wires. It will be a park and go not a constant in and out situation.

Mr. Bucceroni asks what happens if a RV leaks? What happens to the environment?

Mr. Petrongolo, Township Planner:

- The 1-24-22 letter
- Use variance only,
- You have to meet special reasons and negative criteria,
- Is there a hardship on the property?
- Information viability to site itself,
- Not our discussion if the site is not zoned correctly,
- HC appropriate for the zone,
- Planning board sets zoning,
- Enhanced burden of proof,
- Something enhances the aesthetics,
- Land use goals are to enhance,
- This use is not harmonious to adjacent residential & institutional zoning.
- Doesn't need 25' buffer, but they are using 20',

- Paving driveways not gravel,
- If the vehicle leaks it goes into water table,
- No room for loading lane,
- Not consistent w/zoning standards,
- 2015 no desire to change zoning,
- Self-storage more in warehousing realm,
- No testimony what will be removed on site, trees, vegetation, etc....
- Suitability use and site "fit well"; not according to our ordinances (site suitability).
- Gates open til 10pm but how late will they be there til if they arrive at 10pm.
- Site features?? Understands a full site plan is not completed.

Steven Cosaboon: PE

- Concept plan
- Not an engineering plan
- RV parking has fencing internal to site,
- Driving thru the corridor of fencing.

Mr. Peterman states that line on the plan was not meant to be there. There is no internal fencing.

Vice-Chairman Bucceroni: Car sales and gas stations have concrete or asphalt, no stone.

- Storm water protected,
- Beneficial for you not for us, its an opinion.
- No gravel,
- Run off will go from the asphalt into a retention basin.

Ms. Emily Givens, Esq.:

- The applicant is looking for feedback from the board,

- Can remove the RV parking,
- There are more intense uses,
- Any storage needs use Variances.

Mr. Bucceroni: all of our storage businesses are in industrial sites.

Mr. Petrongolo: Those more intense uses are conditional uses if you meet all the conditions. There are other criteria in play.

PUBLIC PORTION:

Mr. Nicholas Palumbi: Kenwyck Ct.

- Versus a car wash or a gas station I would much rather have this storage unit. Everything else is much worse. Somebody is going to build something there eventually.

Ms. Lisa Cowne: Kenwyck Ct.

- I would be happy if they took away the RV and gravel,
- Concerns about the gravel and RV's sinking,
- Doesn't want a site of RV's parked with weeds growing all around them.
- What happens if a RV breaks down and needs repairs on site?
- 75' buffer? Plan says 20' town says 25',
- Looking at a mess for a long time
- Solid fence would be better,
- RV's driving around the property,
- No way you can convince me it will look nice,
- Lots of trees to remove,
- It will be a dirty mess all summer while they build.

Mr. Petrongolo: eliminate the RV parking and expand buildings?

Ms. Givens: no, the applicant will leave it green with no buildings or RV parking. That whole area will be a buffer.
Mr. Dintino clarifies: there will be a solid fence with no RV parking and a 75' buffer.
Mr. Peterman states there will be a solid fence around the whole perimeter, too.

A motion to DENY the above-mentioned application was made by Vice-Chairman Bucceroni and seconded by Mr. Scarduzio.

Roll Call:

Vice Chairman Bucceroni	Yes to deny
Mr. Scarduzio	Yes to deny
Mr. Dukes	Yes to deny
Mr. Dintino	Yes to deny
Mr. Rosetti	Yes to deny
Chairman McMullin	Yes to deny

Application Denied.

Motion to Adjourn was made by Mr. Scarduzio and seconded by Mr. Rosetti.

Respectfully Submitted, Jean Gomez, Recording Secretary

RESOLUTION OF FINDINGS AND CONCLUSION

BOARD OF ADJUSTMENT

TOWNSHIP OF GLOUCESTER

**APPLICATION # 212051CDM
Empire Investment
Block 8010, Lot 3.01**

WHEREAS, Empire Investment is the owner of the land and premises located at 139 Coles Road in the Blackwood section of the Township of Gloucester, New Jersey having made application to the Zoning Board of Adjustment of the Township of Gloucester, Camden County, for a Use Variance and minor subdivision to create 2 lots and Bulk variances lot coverage of 32.6% instead of the required 30%, side yard of 0' required 15' and 13.54" perimeter required 50' and waivers to allow driveways on adjacent properties without a buffer along the property line, to allow a driveway within 10 feet of the property line and a waiver from the concrete monument requirement, for the property located upon Block 8010, Lot 3.01 as shown on the Official Map of the Township of Gloucester, located in a GCR & R-3, said application being represented by John Wade, Esq; and

WHEREAS, the Board after carefully considering the representations made by the applicant at the public hearing held on March 9, 2022 as well as having reviewed the application and evidential exhibits at said hearing, has made the following factual findings and conclusions based thereon;

1. The applicant Empire Investment is the owner of the land and premises located at 139 Coles Road in the Blackwood section of Gloucester Township, New Jersey, as shown on Block 8010, Lot 3.01, on the Official Tax Map of the Township of Gloucester, located in an GCR & R-3 Zone.

2. Proper notice was afforded all adjacent property owners as provided by the applicable statutes and ordinances, and the applicant provided proof of said notice.

3. All property taxes were paid to date.

4. After being sworn, Anthony DeRosa, a Professional Engineer and Planner, testified the applicant previously received approval to construct 2 twin dwellings and he is now asking for 2 lots instead of 1 in order to sell the units as single family homes. He testified the Use variance was previously granted but by creating 2 lots it is expanding the nonconforming use. He said there is no change in the design of the homes and this application is to allow the homes to convert from rental properties to individual ownership. The bulk variances are a result of the subdivision and the change from rental properties to individual ownership as are the requested waivers. This will have no impact on the Zone Plan and the applicant agrees to all the comments in Mr. Petrngolo's report dated 2-16-22 and Sickels & Associated report dated 2-7-22.

5. There were no objections to the application.

UPON MOTION duly made and seconded to grant the applicant the aforesaid Use Variance, bulk variances, minor subdivision and waivers , the Board voted six (6) in favor, none (0) against and zero (0) abstentions, thus granting the relief requested; and

WHEREAS, the Board has determined that the relief requested by the applicant may be granted without substantial detriment to the public good and otherwise without impairing the intent and purpose of the Zoning Plan and Ordinances of the Township of Gloucester because of the size and shape of the lot and the Board was of the opinion that the benefits exceed any detriment; and

WHEREAS, the statutory purposes will be advanced by the granting of the relief requested;

NOW THEREFORE BE IT RESOLVED, by the Zoning Board of Adjustment of the Township of Gloucester on this 9th day of March, 2022, the applicant Empire Investment is hereby granted the aforesaid Use Variance, bulk variances, minor subdivision and waivers for the property located upon Block 8010, Lot 3.01 as shown on the Official Tax Map of the Township of Gloucester, consistent with the testimony, application and exhibits, same of which are incorporated herein.

RESOLUTION OF FINDINGS AND CONCLUSION

BOARD OF ADJUSTMENT

TOWNSHIP OF GLOUCESTER

APPLICATION # 222003D

Adelante Partners, LLC

Block 17902, Lot 13

WHEREAS, Adelante Partners, LLC is the contract purchaser of the land and premises located at 389 Cross Keys Road in the Sicklerville section of the Township of Gloucester, New Jersey having made application to the Zoning Board of Adjustment of the Township of Gloucester, Camden County, for a Use Variance to allow a self-storage facility and a RV parking/storage area that is not a permitted use for the property located upon Block 17902, Lot 13 as shown on the Official Map of the Township of Gloucester, located in a HC Zone, said application being represented by Emily Givens, Esq; and

WHEREAS, the Board after carefully considering the representations made by the applicant at the public hearing held on March 9, 2022 as well as having reviewed the application and evidential exhibits at said hearing, has made the following factual findings and conclusions based thereon;

1. The applicant Adelante Partners, LLC is the contract purchaser of the land and premises located at 389 Cross Keys Road in the Sicklerville section of Gloucester Township, New Jersey, as shown on Block 17902, Lot 13, on the Official Tax Map of the Township of Gloucester, located in an HC Zone.

2. Proper notice was afforded all adjacent property owners as provided by the applicable statutes and ordinances, and the applicant provided proof of said notice.

3. All property taxes were paid to date.

4. After being sworn, Brian Peterman, a Professional Engineer, testified the site is on Cross Keys Road and there is open space to the North, vacant land to the South and a single family development to the West. The applicant is proposing to construct five buildings totaling 118,650 square feet and 29,700 square feet of gravel for RV parking. Introduced into evidence were A-1, a concept plan and A-2 an aerial of the area.

Leah Furey Bruder, a Professional Planner, testified she has reviewed the Master Plan and stated the 9.75 acres are in the Highway Commercial Zone and some of the permitted uses are retail, restaurants, hotels, motels, etc. and some conditional uses such as car dealerships and bars are permitted. She was of the opinion that a wide array of uses are permitted and self-storage would be appropriate for this site. She testified the lot is long and narrow and there is no demand for the permitted uses and the owner has been unable to sell this parcel for some time. She said the economy has changed and the demand for bricks and motor retail and office space has declined. She was of the opinion self-storage would fit nicely on the site because it would have less traffic and less noise and low demand for parking. She testified the site is marginal and can use a new use, it is on the periphery of commercial sites and is a low impact use. The use is suitable to the site because it is harmonious with surrounding uses. As to special reasons she believes NJSA 40:55d-2 (a) applies to encourage municipal action to promote the general welfare because if this facility is not approved the property will remain in limbo, (b) land across the street in Winslow Township has light industrial uses, (g) this use will not undermine the Master Plan, (i) it will promote a desirable environment and (m) this will promote efficient use of land. Finally she stated there would be no detriment to the public good or to the master plan because the lot was intended for commercial use, there would be less noise, less pollution and less height than some permitted uses.

Mr. Alvarado, principal of Adelante Partners, testified the facility would have 3 employees between the hours of 8A.M. and 6 P.M. and the gates would be opened from 6A.M. to 10 P.M. and the height of the buildings would not exceed 15'.

Jay Petrongolo, the Board Professional Planner, prepared a report dated 2-24-22 and is incorporated herein. Mr. Petrongolo disagreed with the applicant's testimony. He said the site is surrounded with R-1, R-2 and Institutional Zoning and this project is not harmonious to the adjacent zones and has concerns on the impact the self-storage units will have on the adjoin properties. His opinion is that the applicant has not met the special reasons for the grant of the Use variance and his opinion is that this project will have a negative impact on the area. The Master Plan was reviewed in 1999 and 2015 and Council did not change the zoning for this site. He believes the HC zoning is appropriate for this site and self-storage facilities are better suited in an Industrial zone where the 5 self-storage facilities are now located in the Township. He stated self-storage is more in the warehousing realm and does not belong in the HC Zone. He also stated in his opinion this site is not particularly suited since it does not fit well according to the Township Ordinance.

The Board also reviewed Sickels report dated 2-24-22 and incorporates herein.

5. One resident thought this use would be better than a car wash or gas station and another resident was concerned about buffering and removal of trees.

UPON MOTION duly made and seconded to deny the applicant the aforesaid Use Variance for self-storage the applicant having withdrawn the request for RV storage and parking , the Board voted six (6) in favor, none (0) against and zero (0) abstentions, thus denying the relief requested; and

WHEREAS, the Board has determined that the relief requested by the applicant may not be granted without substantial detriment to the public good and otherwise without impairing the intent and purpose of the Zoning Plan and Ordinances of the Township of Gloucester because this use is not compatible for the area and would have a detrimental effect on the surrounding area and the Board was of the opinion that the benefits did not exceed any detriment; and

WHEREAS, the statutory purposes will not be advanced by the granting of the relief requested;

NOW THEREFORE BE IT RESOLVED, by the Zoning Board of Adjustment of the Township of Gloucester on this 9th day of March, 2022, the applicant Adelante Partners, LLC is hereby denied the aforesaid Use Variance for the property located upon Block 17902, Lot 13 as shown on the Official Tax Map of the Township of Gloucester, consistent with the testimony, application and exhibits, same of which are incorporated herein.
