

# Executive Summary

## AP-05 Executive Summary - 91.200(c), 91.220(b)

### 1. Introduction

The purpose of an Annual Action Plan is to develop activities that address the Township's housing and community development needs, as outlined in the Five-Year Consolidated Plan, over the upcoming program year. This Annual Action Plan must align with the Consolidated Plan for the Township of Gloucester, which covers the period July 1, 2020, to June 30, 2025.

The Community Development Block Grant (CDBG) allocation for Fiscal Year 2022 is estimated to be \$276,953. Once official HUD 2022 allocations are announced, if the Township needs to make adjustments to their budget in order to match the official allocation, they will do so proportionately across the entire budget. The Township is also preparing to use \$28,889 in prior year funding and \$58,360 in Program Income for a total amended budget of \$379, 144.50.

The Township is also a participant in the HOME Consortium administered by Camden County. The Annual Plan allows the Township to continue to receive federal housing and community development funds as a direct Entitlement from the U.S. Department of Housing and Urban Development (HUD)..

In order to continue to receive these funds for Fiscal 2022, the Township of Gloucester will submit its FY 2022 Annual Action Plan to HUD. The 2022 Annual Action Plan has been prepared by the Township Grants Administration Office and its consultant, Triad Associates, to meet application requirements for the following grants and programs:

- Community Development Block Grant Program (CDBG)**

The Township works with a number of non-profit housing and community development organizations through a public driven, citizen participation process to provide a diversity of community development programs and related services to the Township's low- and moderate-income persons and families.

The FY 2022 Annual Action Plan describe to HUD how the Township of Gloucester intends to use federal and non-federal resources to address the needs of very low, low- and moderate-income persons and families based on the following goals:

- Provide Decent Housing,
- Provide a Suitable Living Environment,
- Expand Economic Development Opportunities

The housing and community development activities described in the Annual Action Plan, aligned with the *Consolidated Plan* include: homeownership and housing preservation activities; public services provided to community members; the upgrading of public facilities; and housing and services to those with affordable housing and supportive service needs.

## **2. Summarize the objectives and outcomes identified in the Plan**

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

Per the Consolidated Plan, all activities funded in the next five years will support the following objectives:

1. Preserve existing housing through the Housing Rehabilitation Program
2. Support activities that address the needs of the Homeless and Non-homeless Special Needs Populations
3. Maintain and improve the infrastructure including water, sewer, streets, sidewalks, storm water facilities
4. Maintain and improve public facilities including parks and recreation facilities; make handicap accessibility improvements as needed
5. Maintain and improve non-profit facilities that serve low-mod and at-risk residents, including food pantries and facilities for victims of domestic violence
6. Develop economic opportunities for low-income residents through investments in existing and new commercial businesses that create jobs
7. Ensure that quality public services in support of youth development, public health, employment and housing needs are available to low-income residents
8. Continue Administration and Management activities, including Fair Housing

The 2022 Annual Action Plan focuses on the following subset of the five-year objectives:

1. Preserve existing housing through the Housing Rehabilitation Program
2. Maintain and improve public facilities including parks and recreation facilities; make handicap accessibility improvements as needed
3. Ensure that quality public services in support of youth development, public health, employment and housing needs are available to low-income residents
4. Continue Administration and Management activities, including Fair Housing.

## **3. Evaluation of past performance**

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The Township of Gloucester prepared a Consolidated Annual Performance and Evaluation Report (CAPER) for FY 2020 (July 1, 2020 to June 30, 2021). This CAPER was the first of the new five-year period and reported the FY 2020 accomplishments of the Township's CDBG Program.

During FY 2020, the Township received \$306,141 in CDBG funds and had \$276,432 in unexpended funds from previous years. The Township expended a total of \$338,305, which includes program income plus some funds allocated in previous years. Funds were spent on a variety of activities including: Housing Rehab, Financial Counseling, Senior Services General Administration, Planning and Fair Housing.

In FY 2020, 100% of all CDBG funds were expended for activities that benefitted low- and moderate-income persons.

#### **4. Summary of Citizen Participation Process and consultation process**

Summary from citizen participation section of plan.

The Township conducted two public hearings to solicit input into the preparation of the 2022 Annual Action Plan. The meetings were advertised in The Courier-Post and on the Township website. These meetings were held in person in the Township Council Chambers. The first public hearing was held on May 3, 2022 to solicit public input on Township needs. There was no resident participation at this meeting. -----The second public hearing will be held on May 18, 2022.-----

On May 10, 2022 the Township placed the FY 2022 Action Plan for public for review on the Township's website for 30 days, from May 10, 2022 through June 10, 2022. The Gloucester Township Council approved the FY 2022 Action Plan for submission to HUD on -----DATE-----.

#### **5. Summary of public comments**

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

No public comments have been submitted.

#### **6. Summary of comments or views not accepted and the reasons for not accepting them**

N/A – No public comments have been submitted.

#### **7. Summary**

The Township of Gloucester sought to prepare a 2021 Annual Action Plan that will guide progress in addressing the needs of the community by providing decent housing, a suitable living environment and expanded economic opportunities principally for low and moderate-income persons. The plan is based on input from Township staff and the priorities of the Consolidated Plan, informed by needs as identified by data and by conversations with community stakeholders.

The Township's Citizen Participation outreach was designed to encourage broad participation from residents. An approved Citizen Participation Plan was used to gather public comments through public meetings and the consultation process provided additional input.

## **AP-10 Consultation - 91.100, 91.200(b), 91.215(l)**

### **1. Introduction**

The Township of Gloucester has prepared its Annual Action Plan for 2022 in order to strategically implement federal programs that fund housing, community development, and economic development activities within the Township. Through a collaborative planning process, the Township developed an application document for the use of federal entitlement funds available through the Community Development Block Grant (CDBG) program. The Township will submit this Annual Action Plan to the U.S. Department of Housing and Urban Development (HUD) via Camden County on -----June 15, 2021-----.

**Provide a concise summary of the jurisdiction’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l)).**

In 2020, the Township of Gloucester prepared a Five-Year Consolidated Plan for the Program Years 2020 through 2024 in order to strategically implement federal programs that fund housing, community development and economic development activities in the Township. Through a collaborative planning process that involved a broad range of public and private agencies, the Township developed a single, consolidated planning and application document for the use of federal entitlement funds available through the Community Development Block Grant (CDBG) and HOME Investment Partnerships (HOME) Programs. The 2022 Annual Plan aligns with this Consolidated Plan.

The Township receives HOME funding as part of the Camden County HOME Consortium and planning for the use of both CDBG and HOME funds was done in consultation with Camden County’s Community Development Program, lead entity for the HOME Consortium. The Township coordinates with the Camden County Improvement Authority on meeting demands of Township residents for housing rehabilitation needs.

In addition, the Township consults with local public service agencies and community groups on a regular basis to continue to understand the demand for services in the community and the ability of local agencies to meet that demand. These entities include the Gloucester Township Housing Authority, Jersey Counseling, Consumer Credit and Budget Counseling and NJ Association on Corrections/Camden County Women’s Center.

**Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.**

|

n New Jersey, the state requires that each county establish a Human Services Advisory Council (HSAC) to coordinate the provision of all human/social services in the county. The state further requires that a Comprehensive Emergency Assistance System (CEAS) subcommittee be established in each county, specifically to coordinate the provision of services and housing to the homeless.

In Camden County, the CEAS committee is known as the Homeless Network Planning Committee (HNPC). The HNPC is a consortium of local homeless service and human service providers, city officials, members of local government and consumers, as mandated by the State HSAC. The committee is recognized as the lead agency for planning and coordinating the delivery of services to assist homeless individuals and families to move toward independent living and self-sufficiency through the provision of a continuum of homeless housing and supportive services. The Community Planning and Advocacy Council (CPAC), a nonprofit agency under contract to the County of Camden, provides administrative support to the Homeless Network.

**Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS**

Each year, a Point-in-Time count is made of the persons residing in shelter and transitional facilities and living unsheltered in the County.

The Township of Gloucester is part of the Camden County HUD Continuum of Care (CoC). The Continuum of Care process is a collaboration of agencies seeking funding through the HEARTH Act (The Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009); a program that includes services such as Supportive Housing Programs, Shelter+ Care Vouchers, etc. With the assistance from the Homeless Network Planning Committee (HNPC), Community Planning and Advisory Council (CPAC), and documents submitted through the Continuum of Care process, the facilities and services and ESG allocations specific to the Township of Gloucester have been identified. The facilities include Emergency Shelters, Transitional Housing and Permanent Supportive Housing. Services include prevention activities, outreach and emergency supportive services.

## Expected Resources

### AP-15 Expected Resources - 91.420(b), 91.220(c)(1,2)

#### Introduction

Gloucester Township anticipates receiving \$276,953 in 2021 CDBG Entitlement funds. In addition, the Township will be using \$58,360 in Program Income and \$43,831.50 in previous year funds. Once official HUD 2022 allocations are announced, if the Township needs to make adjustments to their budget in order to match the official allocation, they will do so proportionately across the entire budget.

#### Anticipated Resources

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 1				Expected Amount Available Remainder of ConPlan \$	Narrative Description
			Annual Allocation: \$	Program Income: \$	Prior Year Resources: \$	Total: \$		
CDBG	public - federal	Acquisition Admin and Planning Economic Development Housing Public Improvements Public Services	276,953	58,360	43,832	379,145	597,967	The expected amount is the current year allocation times 2 for the 2 additional years under the Con Plan.

Table 5 - Expected Resources – Priority Table

**Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied**

The federal CDBG funds are intended to provide low- and moderate-income households with viable communities, including decent housing, a suitable living environment and expanded economic opportunities. Eligible activities include community facilities and improvements, housing rehabilitation and preservation, affordable housing development activities, public services, economic development, planning and administration. As it has in previous years, Gloucester Township will partner with other public agencies and non-profit organizations with similar goals to leverage resources and maximize outcomes in housing and community development.

**If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan**

DRAFT

## AP-35 Projects - 91.420, 91.220(d)

### Introduction

With input from a variety of stakeholders, with data from a variety of sources and with hands-on experience in front-line services to the most vulnerable populations in the Township, Gloucester Township plans a mix of activities in FY 2020 to address a wide range of challenges for those populations. Infrastructure improvements, housing rehab and programming and support for area non-profit service providers are just some of the approaches to strengthening neighborhoods, houses and, most importantly, families in Gloucester Township.

#	Project Name

Table 7 – Project Information

### Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

In allocating CDBG funds, the Township endeavored to fund activities that were deemed to have the greatest benefit to residents in a timely, efficient manner. The aim was to provide benefits in coordination with other support structures so as to avoid redundancy.

The system for establishing the priority for the selection of these projects in Gloucester Township is predicated upon the following criteria:

- Meeting the statutory requirements of the CDBG Program
- Meeting the needs of low- and moderate-income residents
- Focusing on low- and moderate-income areas or neighborhoods
- Coordination and leveraging of resources
- Response to expressed needs
- Sustainability and/or long-term impact and
- The ability to demonstrate measurable progress and success.

**AP-38 Project Summary**  
**Project Summary Information**

DRAFT

## **AP-50 Geographic Distribution - 91.420, 91.220(f)**

### **Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed**

It is anticipated that many of the activities supported with HUD funds will be available to eligible residents throughout the Township. The jurisdiction's elderly residents live throughout the Township, for instance, so that activities targeted at seniors, including transportation, home repairs, the senior center, will not have geographic restrictions.

Improvements to public facilities and infrastructure, however, will primarily take place in the Township's top quartile of census block groups based on concentration of low-mod residents.

### **Geographic Distribution**

<b>Target Area</b>	<b>Percentage of Funds</b>
Township-wide	100
Low-mod census areas	

**Table 8 - Geographic Distribution**

### **Rationale for the priorities for allocating investments geographically**

The geographic distribution described above allows Gloucester Township to adhere to its funding allocation principals, specifically:

- \* abiding by CDBG regulations
- \* putting the most resources where the greatest need is
- \* using resources in the most efficient and effective manner.

The fact that all of the funds will be going toward activities with a Township-wide benefit reflects the fact that eligible residents - both income-based and presumed benefit-based - are located throughout the Township.

### **Discussion**

The Township believes it has developed a plan that will efficiently deliver the most benefits to the most people.

DRAFT

## **AP-75 Barriers to affordable housing -91.420, 91.220(j)**

### **Introduction**

Gloucester Township was a participant in the Camden County Regional Analysis of Impediments. Below are the identification of impediments and upcoming actions that the Township plans to take during the 2022 Program Year:

#### **Impediment I: Lack of Affordable Housing**

Camden County is committed to providing affordable housing and has consistently used available resources to support this goal. Homeownership is inaccessible to many low- and moderate-income residents who may need assistance in obtaining credit or who may not have sufficient funds to pay for down payment and closing costs. The costs of housing in Camden County are significantly higher than in most nearby Counties, making it challenging for low- and moderate-income residents to afford to live in the County.

#### **Impediment II – Lack of Coordinated Approach to Fair Housing Issues**

As in many municipalities, the response to fair housing issues is fragmented. Although there are a number of fair housing agencies that serve County residents, there is no single coordinating effort and/or clearinghouse to guide and coordinate efforts to uphold fair housing in the County. Furthermore, there is an ongoing and increased need for education, outreach, and referral regarding the Fair Housing Act and the New Jersey Law Against Discrimination (LAD). The LAD prohibits discrimination when selling or renting property. The law covers owners, agents, employees and brokers and makes it unlawful to refuse to rent, show or sell property based on a person's race, creed, color, national origin, nationality, ancestry, marital status, domestic partnership status, familial status, affectional or sexual orientation, sex, or mental and physical disability, including AIDS and HIV-related illness.

#### **Impediment III – Transportation Availability and Access to Jobs**

Camden County's network of transportation facilities plays an important role in the economy of the region. The existence of viable public transportation is key for residents to be able to access jobs throughout the County. This is especially true for those residents that experience

reverse commuting challenges.

#### **Impediment IV – Bias in Lending, Credit Counseling & Money Management**

- Utilize CDBG funding to provide financial and housing counseling services for Township residents
- Provide education for families with the Housing Choice Vouchers, so that they may better understand their housing rights and know who to call and consult for remedies if they believe those rights are violated.
- Continue enforcement of Fair Housing Ordinances and ensure County residents are aware that they can contact the County Fair Housing Officer if they have any negative or concerning experiences.

**Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment**

#### ***Actions to Address Impediment I***

- Continue to utilize CDBG Entitlement resources and County HOME resources to fund the Homeowner Rehabilitation Program and Senior Fix-It Program
- Support improvements at the Gloucester Township Housing Authority Senior Campus to ensure that the condition of existing affordable, senior housing is maintained.
- Develop and implement a Market to Affordable Program to increase affordable homeownership, including an affirmative marketing plan to promote first time homebuyer opportunities to communities of color

The Township has consistently funded and will continue to fund housing counseling services to support residents in navigating the often-complex systems to access housing.

#### **Actions to Address Impediment III**

The Township will participate in any County-led transportation improvement efforts to increase access to jobs and quality of life.

The Townships remains committed to seeking out new businesses to locate in and bring jobs to the township. This includes removing barriers

for business in the Township.

**Discussion**

See above.

DRAFT

## **AP-85 Other Actions - 91.420, 91.220(k)**

### **Introduction**

Whether fostering partnerships among Gloucester Township's various agencies and organizations or looking to continue to develop the Township's own staff or keeping on top of the latest tools to combat lead-based paint poisoning and the cycle of poverty, the Township's Community Development Program will continue going beyond minimum requirements and basic expectations for one simple reason – so many of our Township's most vulnerable residents deserve no less.

### **Actions planned to address obstacles to meeting underserved needs**

Gloucester Township consistently seeks new partnerships and new funding sources to extend the reach of Township programs as well as those operated by our many partners in order to meet the needs of underserved populations. For example, the Township brought on a number of new partners through work to address the impact of COVID-19.

We have seen an increase in demand for low/moderate income resident assistance through the Housing Rehab program and have partnered with the County to utilize HOME funds to support the program in 2022. This will allow the Township to meet consistent demand and also support underserved populations through the operation of Senior Bus and capital improvements to the Housing Authority campus. It is important that seniors have adequate transportation services to support their physical and emotional health. It is also important that vulnerable residents in the Township remain in stable and affordable housing, always but especially in the face of expected increases in housing need once eviction and foreclosure moratoriums are lifted.

### **Actions planned to foster and maintain affordable housing**

The Township is funding two activities that directly foster and maintain affordable housing: The Township's own Owner-Occupied Housing Rehabilitation Program, including the Senior Fix-It Program, and the Gloucester Township Housing Authority's Senior Campus I, which is receiving CDBG funds to improve security throughout their campus.

### **Actions planned to reduce lead-based paint hazards**

In implementing its residential rehab program, the Township will follow all regulations concerning testing for and controlling lead-based paint.

This includes Lead Risk Assessments when planned rehab work will disturb painted surfaces in homes built prior to 1978 and subsequent clearance tests on those properties. It also includes using the

appropriate level of lead hazard control depending on the rehab costs of the project.

Additionally, educational materials on the effects of lead-based paint and how residents can reduce exposure, especially in children, is provided to participants in the rehab program and to the public in general through printed materials available in the Township Municipal Building.

### **Actions planned to reduce the number of poverty-level families**

Assistance to a local financial counseling service is expected to help that organization give vulnerable families the skills to avoid foreclosure and other financial hardships; the residential rehab program will keep eligible homeowners from having to use their limited incomes and modest savings on needed home repairs.

Also, the Township is currently running a COVID-19 Business Assistance program that was designed to combat poverty by adding jobs to the local economy and supporting local businesses to stay open. Both of these measures will support the growth and/or maintenance of family wealth, and provide earning opportunities for residents, including those in the low- and moderate-income ranges.

### **Actions planned to develop institutional structure**

The Township will implement the 2022vAnnual Action Plans through the efforts of public, private, non-profit, and for-profit organizations to meet the stated goals and objectives. Additionally, training of Community Development staff will continue, topics to include best practices, HUD requirements, partnering opportunities and funding availability.

### **Actions planned to enhance coordination between public and private housing and social service agencies**

The Township will continue to provide referrals and linkages as appropriate in the course of operating all program activities. Ongoing dialogues with local providers and with provider organizations will facilitate this effort.

### **Discussion**

See above.

## Program Specific Requirements

### AP-90 Program Specific Requirements - 91.420, 91.220(I)(1,2,4)

#### Introduction

Gloucester Township has identified all CDBG activities to be undertaken in FY 2021 in the Projects Table, including administrative, public services, public housing improvements and housing rehabilitation.

#### Community Development Block Grant Program (CDBG) Reference 24 CFR 91.220(I)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	58,360
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan.	0
3. The amount of surplus funds from urban renewal settlements	0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan	0
5. The amount of income from float-funded activities	0
<b>Total Program Income:</b>	<b>58,360</b>

#### Other CDBG Requirements

1. The amount of urgent need activities	0
2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. Specify the years covered that include this Annual Action Plan.	100.00%

## **Discussion**

All planned activities are eligible under low-mod benefit criteria.
